

These are some of the plot images

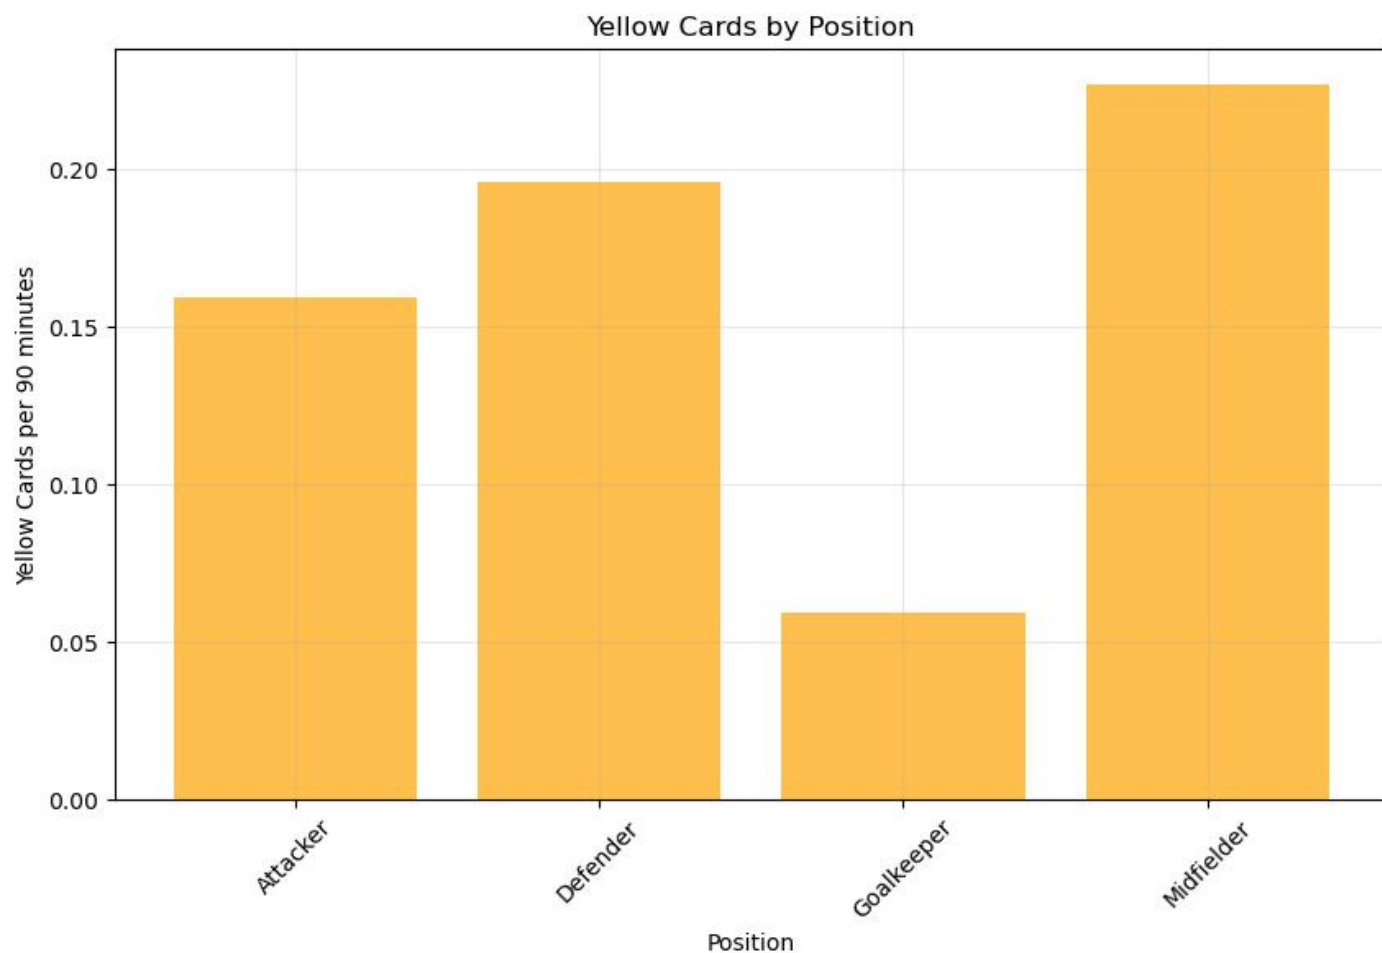

This plot shows the teams with the highest progressive plays and goals and assists

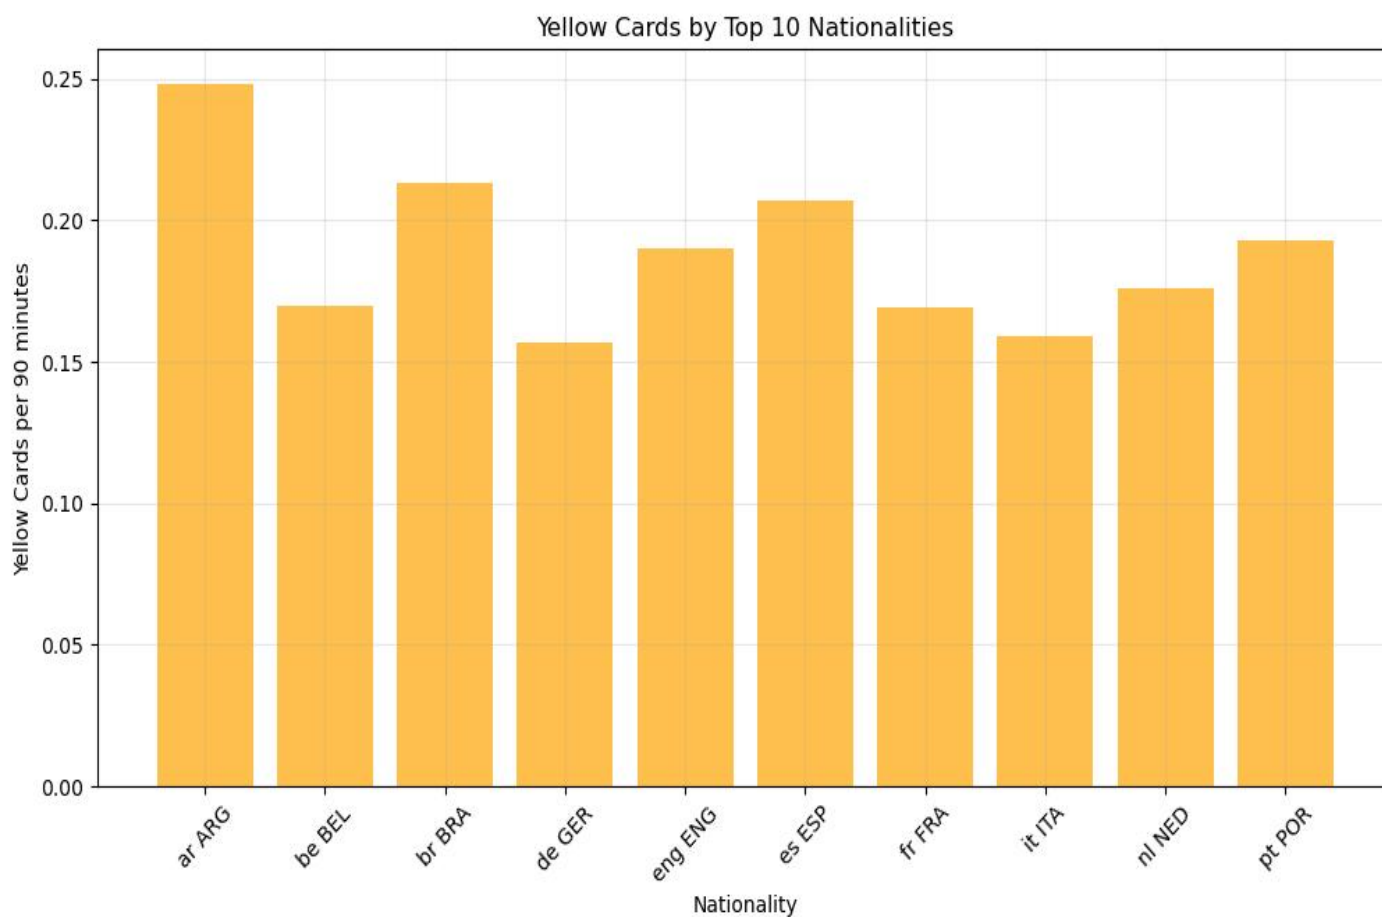

This plot shows teams with high progressive scores but low in Goals and Assists

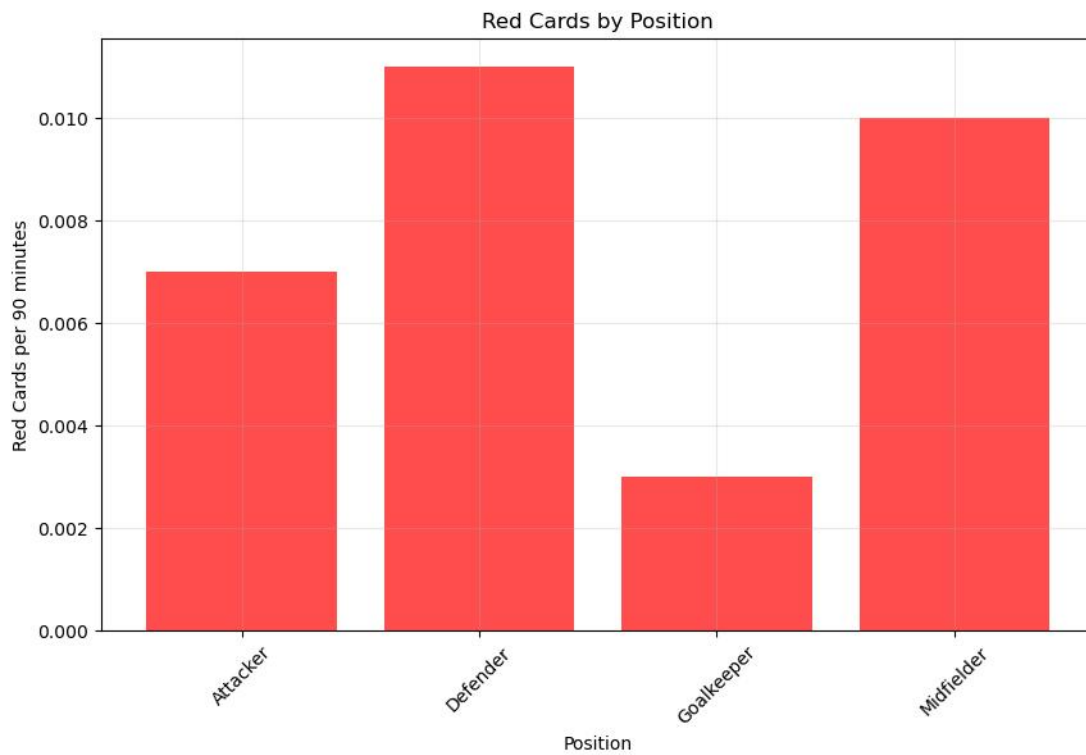

Now this plot shows players who are dependable on both availability (minutes) and penalty conversion rates.

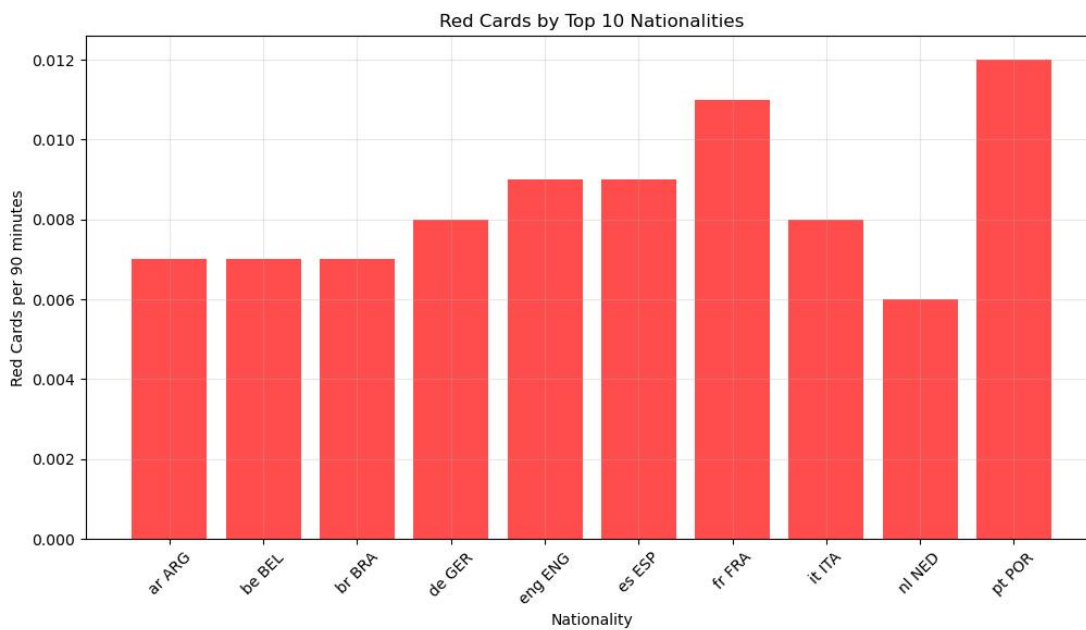

Midfielders received the highest number of yellowcards this season

And Argentinians were the most aggressive.

The defenders (walls) got the most red cards

And portugal topped the list at the red cards suffered.
